Hi Usha/Bhavya,

Thank you very much for offering me the position of **AI/ML Computational Science Specialist** at Accenture. I genuinely appreciate you and the team taking the time to interview me, and I enjoyed learning more about the role and the company culture.

After careful consideration of my career trajectory and personal factors, I regret to inform you that I will not be joining Accenture on **October 13, 2025**.

I have accepted an offer with another organization that provides a unique opportunity that aligns more closely with my long-term goals regarding both **compensation package and preferred location in Bengaluru**.

I sincerely apologize for any inconvenience this decision may cause, especially given the impending start date. I am grateful for your understanding and wish you and Accenture all the best.

Regards,  
Prateek Nadagouda.
